NEW STUDENT WORKBOOK FOR LEVEL 1 CERTIFICATE IN TRAVEL AND TOURISM

EDI is pleased to announce that the Level 1 Travel and Tourism student workbook is now available on the LCCI website. It can be used in class or as self-study. It provides guidance on assessment and exam preparation to help candidates succeed in the qualification.

In the workbook, there will be exercises, based on some of the syllabus topics, for candidates to complete. Answers have been given. In addition, there is a sample exam question provided. The question is similar to the questions that candidates will find in the Level 1 Certificate in Travel and

Tourism examination paper. A suitable answer has been given. Also, at the end of the workbook, there is a helpful glossary of some of the terminology and definitions used in the travel and tourism industry and a vocabulary exercise.
